BEGINNERS

THE TECHNIQUE IS A KEY FACTOR FOR THE OPTIMIZATION OF RESULTS. FOR THIS REASON, WE DEVELOP CANOES AND KAYAKS CAPABLE OF PROVIDING A HIGH LEVEL OF STABILITY COMBINED WITH THE COMFORT AND SAFETY SO THAT ANY NEWCOMER TO THIS SPORT START IN THE BEST WAY.

STABILITY 4

K1 FIRST

The first open kayak, developed for those who never practiced canoeing or are a beginner. It's like a surfski – no cockpit like the usual kayaks – stable and safe. It has a flat hull that adapts to lighter and heavier weights.

+/- 60 kg

520 x 37 x 15 cm

construction 1

STABILITY 7

K1 PENGUIN

The Penguin is a kayak with all the characteristics that a good beginners boat should have like a narrow front and low cockpit for the hands don't touch the kayak during the paddling, and a hull slightly curve to increase balance.

<55 kg

420 x 46 x 21 cm

construction 1

39 x 94.5 cm

STABILITY 4

K1 TITAN

The 1st kayak developed for the young athletes who wish to start competing. A model that combines the speed with the stability so that the little ones feel confident in their first competitions.

+/- 65 kg

520 x 39 x 19.5 cm

construction 1, 2, 3, 4 & 5

38.5 x 92.5 cm

STABILITY 3

K1 TITAN EVO

Following the experience and reducing the stability we made a faster beginner kayak. The paddle entrance is similar to the racing kayaks which allows the young paddler to get used just from start to the sprint kayaks and allows them to improve technic.

+/- 65 kg

520 x 37.5 x 19 cm

construction 1, 2, 3, 4 & 5

38.5 x 90 cm

STABILITY 4

C1 TITAN

Wider than usual, this new small C1 is perfect to allow a very fast technical evolution to beginners. On it any child can get their first paddling with safety and comfort.

+/- 65 kg

480 x 35 x 22 cm

construction 1, 2, 3, 4 & 5

OUR NATIONAL ATHLETE HUGO ROCHA HAS ACHIEVED A NATIONAL RECORD IN 200 M. A TIME THAT NOT EVEN WORLD MEDALISTS AND OLYMPIC ATHLETES HAVE ACHIEVED. TRY IT AND FEEL THE DIFFERENCE.

GT is our newest model and was created to slightly increase the stability of Sonic. We took our most awarded model and improved its stability to make you feel more comfortable and safe so it will be possible to achieve even better results. Both of them were developed to be fast but for those athletes that want to feel even more comfortable to apply their strength on the water they will with GT.

STABILITY 2

SONIC GT

Our newest model always designed to achieve greatness.

Available in different sizes.

FITNESS

HERE WE COMBINE STABILITY WITH SPEED RESULTING IN A GREAT PERFORMANCE THAT CAN BE USED EITHER BY THE YOUNGER PADDLERS OR MASTERS, ALLOWING THEM TO FOCUS ON THE POWER AND TECHNIQUE AND LESS ON THE BALANCE.

STABILITY 8

K1 COBRA 51

Who said that speed and stability cannot be together? This master keeps the characteristics of a competition K1 but a little more stable and permissive. His hull was designed for speed, but can also be a good option for those seeking a beginner's competition kayak.

< 100 kg

520 x 51 x 23 cm

construction
1, 2, 3, 4 & 5

38 x 90.5 cm

STABILITY 9

K1 COBRA 55

A real gymnasium with a view to a lake or calm river. With this Cobra is easy to learn paddling and to do a bit of exercise. Despite the paddler position be similar to a competition boat, the greater width gives much higher confidence. With hatch.

< 110 kg

520 x 55 x 25 cm

construction
1, 2, 3, 4 & 5

38.5 x 91.5 cm

STABILITY 10

K1 COBRA 60

The kayak model thought for heavier paddlers or those who like more room and stability. Even with a greater width, the design of the hull allows a very high speed. Ideal for touring or competition. With hatch.

< 120 kg

520 x 60 x 25cm

construction
1, 2, 3, 4 & 5

43 x 100cm

STABILITY 4

K1 DOLPHIN

For those who lack the stability of a competition k1, we created the Dolphin. Its hull a little wider and balanced ensures excellent performances and great speed. A K1 of competition with greater stability. Ideal for touring or competition

< 100 kg

520 x 43 x 25 cm

construction
1, 2, 3, 4 & 5

39 x 90 cm

FITNESS

HERE WE COMBINE STABILITY WITH SPEED RESULTING IN A GREAT PERFORMANCE THAT CAN BE USED EITHER BY THE YOUNGER PADDLERS OR MASTERS, ALLOWING THEM TO FOCUS ON THE POWER AND TECHNIQUE AND LESS ON THE BALANCE.

STABILITY 4

K1 PUMA

our Puma is a master faster than its pairs. The favorite habitats of this kayak are the long distances rides or the fast sprints. He is at will in every territory. With it all the Masters can show their claws again. Ideal for touring or competition

< 90 kg

520 x 42 x 24 cm

construction
1, 2, 3, 4 & 5

41 x 90.5 cm

STABILITY 3

K1 SUPRA ML / XL

A more uniform kayak, combining speed and stability. Either for competition or for fitness, it's a more competitive kayak. Available in two sizes. Ideal for sprint or marathon and touring.

ML < 75
XL > 75

ML 520 x 39 x 23.5 cm
XL 520 x 39 x 25 cm

construction
1, 2, 3, 4 & 5

ML 40 x 99.5 cm
XL 40 x 99.5 cm

STABILITY 9

K2 COBRA

All the excellent features of the Cobra on a K2 version. This kayak was designed thinking on old competitors on flatwater and marathon. His hull was designed for speed, but can also be a good option for those seeking a beginner's competition kayak.

< 200 kg

650 x 53 x 26.5 cm

construction
1, 2, 3, 4 & 5

FRONT 39 x 91 cm
BACK 39.5 x 97 cm

STABILITY 5

K2 SUPRA

Our K2 for those who want to compete with more stability or for long distances, which was developed, differently from our Sonic model, with a U-shaped hull and not a V-shaped one. This way we guarantee greater stability.

< 180 kg

650 x 40 x 29 cm

construction
1, 2, 3, 4 & 5
